

Inspera Update – December 2024

Inspera use Semester 1 2024/25

Through semester 1 there have been nearly 3k tests created on Inspera (NB where multiple attempts are used this counts each attempt as a new test) with 40k student submissions. Thank you for your ongoing engagement with this new platform.

Inspera Updates December 2024

A forthcoming change announced by Inspera in their December update is provision of a 'Results View' being added to the Grading Overview Workspace. This will sit alongside the existing default view and allow you to toggle between the two. The 'Results View' will help track grading progress for individual students. This feature will be released on the 8th December and then require activation so will appear soon after that date.

Details of the Inspera December update are available on the Inspera Help Centre site – [Product Release Notes](#)

Grading in Inspera

As we are at the end of semester a reminder of the support articles that are available on Grading in Inspera:

- [Introduction to Grade in Inspera](#)
- [Providing student feedback in Inspera](#)
- [Grading in Inspera](#)

If you need to add additional graders to your assessment this can be undertaken by those with the Planner role – see [Adding Contributors to Test](#).

Staff Development in Semester two

In addition to a continuing schedule of Getting Started with Inspera, Feedback and Grading in Inspera and Creating and Scheduling an Assessment in Inspera sessions there will be in Semester two new 'Hands on' drop in sessions. If you are looking for time where you can work on creating your Question Sets and tests with support on hand then please come along to one of these sessions. You can sign up using the Professional Development booking system - <https://professionaldevelopment.coventry.ac.uk/>

Focus groups

We will be running staff focus groups in semester two to get your feedback on the roll out of Inspera. If you are interested in participating in the focus groups please complete the form below and we will send you details of dates once they are scheduled.

Guidance and Support on Scheduling Assessments

Looking ahead to setting up assessments in Inspera for next semester. An article on [Creating an Inspera Assessment](#) is available on the Teaching Knowledge Base which provides examples of settings for different types of assessment. This article can be used as a check-list when setting up your assessments.
